Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Monday 05 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning cloudier as rain approaches from the south.

This Evening and Tonight:
Largely fine and dry in the evening with clear skies in some areas. Cloud will build from the south overnight, as an area of rain pushes northwards, heavy at times. Minimum temperature 9 deg C (48 deg F).

Tuesday:
Outbreaks of rain from overnight to continue before clearing northwards for most by the late afternoon. Some showery outbreaks are still possible later. Maximum temperature 19 deg C (66 deg F).

Outlook for Wednesday to Friday:
Scattered showers and sunny spells on Wednesday, possibly heavy with a risk of thunder. Largely dry with sunny spells on Thursday. A chance of further showers for some on Friday.
